INTERNSHIP VACANCY

Clinic Based and Ambulatory Internship – Avonvale Veterinary Practice Limited
Oxfordshire/Warwickshire Border

At Avonvale Equine Vet Practice we offer a 13-month internship programme. Our interns work within our clinic and in an ambulatory capacity with full support at all times. Our experienced veterinary team boasts advanced practitioners in Equine Orthopaedics and Internal Medicine, along with vets nearing completion of Equine Dentistry and Equine Orthopaedic, diagnostic and therapeutics certificates. We welcome visiting specialists in Orthopaedics and Dentistry in addition.

Our client base is varied and includes stud, race and sport horses alongside leisure horses and donkeys. During the internship programme we would expect our interns to become confident and capable in general equine practice gaining experience in all fields of general equine work.

Our clinic includes full inpatient facilities, a surgical suite, a full set of mobile diagnostic equipment and a qualified nursing team. The intern role focuses on inpatient care and supporting the senior veterinary team.

The ideal candidate will be MRCVS eligible and new / recently graduated with a passion for equine practice. Applicants must work well within a team, with a strong desire to provide a high quality, compassionate service.

Salary >£20,000, 28 days holiday per annum (inc BH) plus TOIL of weekends worked. 1 in 2 weekend rota. RCVS, BEVA, VDS all covered. CPD generously supported and encouraged. Staff discount scheme for own animals. iPhone, iPad and 4WD vehicle for work use. Fully expensed on-site accommodation (excluding TV licence and contents insurance).
