Equine Vet - Avonvale Equine Vet Practice - Oxfordshire/Warwickshire border

We are looking for an equine veterinary surgeon to join our friendly, independently owned, well established 100% equine practice. Our emphasis is on work/life balance and we offer a huge amount of support from an experienced and dedicated team. The role can be adapted to suit any level of experience, new graduates are welcome to apply, and if you need to relocate we have onsite accommodation available.

Our clinic and ambulatory practice is based on the edge of the Cotswolds, on the Warwickshire/Oxfordshire border, very close to the M40 with fabulous links to London and Birmingham. Our clinic includes full inpatient facilities, a surgical suite and a full set of up-to-date mobile diagnostic equipment. With a team of 6 vets and 3 nurses, we provide exceptional care to our wide range of clients including stud, race, sport horse, leisure horse and donkey owners.

The successful candidate must work well within a team, be client orientated and strive for high clinical standards. Stud and racing experience would be of benefit, but not essential. We would welcome applications looking for FT or PT work, if flexibility is something you would be looking for.

What do we offer?

- 1 in 5 rota, TOIL of weekends worked
- A dedicated nursing team 24/7
- We actively support and encourage CPD, including Cert AVP
- Private medical insurance
- Staff discount scheme for own animals
- Iphone and Ipad for work use
- 4WD vehicle for work use
- RCVS fees, VDS fees, BEVA membership

Applicants must be RCVS registered, or eligible for RCVS registration. Salary commensurate with experience.

For more information, or to apply, please contact claire.maher@avonvaleequine.co.uk.
